Quantum Computing Research

Recently, I became interested in solving combinatorial optimization problems with hybrid classical-quantum and quantum-inspired algorithms. Here are the pubs in Quantum Computing and pictures of my group at SMU.

My Quantum Computing group at SMU

Group Members:
Assoc Prof Manoj THULASIDAS
Dr LEE Xinwei (Research Scientist)
Monit SHARMA (Research Engineer)
YAN Jin (Research Engineer)
HUANG Beifei (Intern)
Dr Rudy RAYMOND, University of Tokyo (External Collaborator)
